

DAS HAT STEEL.
WEIL UNSERE LEIDENSCHAFT
MENSCHEN VERBINDET.

Lösungen für die grüne Zukunft der Stahlproduktion.

A man with glasses and a blue button-down shirt is holding a glowing orange ring in his right hand. The ring is a stylized representation of the company logo. In the background, a modern cable-stayed bridge spans a river, with people walking on it. The scene is set against a dramatic, cloudy sky at dusk or dawn.

PIONEERS AT HEART

WE OFFER

As Pioneers at Heart, we explore the next steps in metals production and develop innovative solutions for the future of steel production. At Primetals Technologies, technology enthusiasts can expect exciting tasks in an international environment, shared values, and workshops that strengthen our corporate culture. **#pioneersforfuture**

WE ARE LOOKING FOR

Whether you're just starting your career, an experienced professional, a working student, or participating in a dual study program, we welcome you to join our team of Pioneers at Heart. As an international company, we offer numerous advantages, including multilingual and multicultural teams, exciting global projects, flexible working hours, opportunities for career development, and assignments abroad. At Primetals Technologies, you can explore the world and find the right opportunity for every career phase.

ABOUT US

- 7000 employees worldwide
- 450 employees in Germany
- Locations in Erlangen, Willstätt, and Saarbrücken
- Development of high-performance solutions for automation and digitalization in the steel industry
- Experts in green steel production
- More than 60 years of experience in industrial plant construction
- Leading and trusted partner for engineering, plant construction, and services for the metals producers

WHAT TO EXPECT

At Primetals Technologies, I can use the latest technologies to solve the industrial challenges of tomorrow.

Martin Kerschensteiner, Developer

I can experience what was programmed in theory from the office in practice on-site at the plant.

Sabine Klinke, Commission Engineering

Primetals Technologies Germany GmbH

A Group Company of Mitsubishi Heavy Industries

Bunsenstrasse 43 | 91058 Erlangen
Germany
